

ALASKA POSTSECONDARY ACCESS AND COMPLETION NETWORK

BOARD OF DIRECTORS ELECTION

FEBRUARY 27 – MARCH 4, 2020

Tiffany Caudle (*Community Org/Non-Profit Seat Nominee*)

My name is Tiffany Caudle and I have been living in Alaska since I was 2 years old besides attending college out of state at the University of Idaho. I love the outdoors, my three rescue dogs, and my beautiful family. With my background in education, I have always had a passion for educating youth about postsecondary opportunities including apprenticeship. I have been working for a non-profit called Alaska Works Partnership that offers free construction training to youth and adults in our community for 11 years. As the program manager, I also do case management and I enjoy working with our community members to help them gain skills that lead to better jobs and careers. It is very rewarding to work with youth and adults, and offer educational and career guidance that can help to better their lives, and in turn better our great community. If I am given a board seat, I will serve our board and community to the best of my ability. I have a great, positive attitude and will be a member who contributes in creative and innovative ways.
